Traffic...

GO!

GRAY BOX- testing

**Secret
code**

Steps...

- **Think.....what did you secure?**
- **Where could the flag be?**
- **Nmap**
- **Wpscan**
- **Brute force?**
- **BurpSuite**
- **Input fields? sql?**
- **Wordpress vulnerabilities?**

Rules...

- Your box needs to be restored upon reboot
- Your account is blocked ssh doesn't work on the opposite side.
- You are not allowed to turn your castle off
- Initial ports were the same....
- `$wp_version = '5.7'`; Did they update?
- Keep the flag for yourself(don't share it)
- Don't delete the flag!
-

Teams...

Pepijn, **Yann**, Willemijn
Shangram, Raj, Camilia

Yvonne, Prawesh, Ximena,
Tjitze, Bozana, **Filipe**
